

# THANK YOU DORRIGO!

Business and jobseekers were brought together last week when around 60 people attended NORTEC Employment and Training office for a 'Welcome BBQ Day'. While enjoying a sizzling snag and onion roll, attendees were provided with information on all the recruitment and training services NORTEC now provides to the local community.

Jenni Davies, Area Manager of NORTEC said, "the day was a great success and resulted in four local people achieving full time positions in hospitality and farm work.

"This is great news for everyone in Dorrigo, to stimulate local employment opportunities like this helps the whole community. I'd really like to thank the businesses and jobseekers that came along on the day and made these employment opportunities happen.

"A number of other positions are currently available through NORTEC and enquiries from jobseekers are welcome".
