

## Could you help a family with young children?

NORTEC Volunteering is helping The Family Centre in their current drive to source volunteers for Early Childhood Family Support Workers.

The Family Centre is looking for people from all walks of life that have an interest in:

- supporting and encouraging families in their parenting role;
- providing emotional and practical support; and
- assisting families to access health and community services.

The valued team of volunteers at The Family Centre receive ongoing training and professional support. This could be an excellent way for you to perhaps gain work experience in early childhood care, share your parenting experience with new parents and families and give a helping hand to families with young children aged between 0 and 3. A couple of hours each week are all you would need to spare.

The Family Centre's Volunteer Home Visiting Service is a proactive support program for new parents and families with at least one child under three who live in the Tweed Shire.

The Volunteer Home Visiting Service is a NSW Government Families NSW Initiative. If you want to find out more about how you can make a difference in a young family's life, contact NORTEC Volunteering on 02 6672 8288 or visit [www.thefamilycentre.org.au](http://www.thefamilycentre.org.au)
